## REPORT OF TRUSTEES OF TOWN LIBRARY.

---

Owing to changes in business by Mr. Tinker, who has for several years been librarian, it was necessary to find a new room for the library. Arrangements were made with Mr. L. B. Huntley whereby pleasant and convenient accommodations were secured. New cases were made, and removal effected July 1. A thorough examination was made as to condition of books. It was found in very good condition, but very few books missing; natural wear accounting for losses. An examination on this date shows an increased use of books by our citizens. A detailed statement is omitted from the fact of the library being closed two months at time of removal. About 40 new books are in readiness to place upon the shelves, making total catalogued 1,289.

## REPORT OF SCHOOL BOARD.

---

As we once more present our annual report for your inspection, it seems much like repeating the same old story, and yet in no other way can we keep these points in mind. We wish particularly to call the attention of the parents to the regular attendance of their children at school, and to criticism of teachers in the presence of pupils. If you need criticize, do so in the absence of the child, for the child's own sake. And see that your children are at school in proper season, and at every session, if possible. When you take away the school hours from your child, you take that which you can never replace, and also what is of more value to them than anything you may be able to give them in later life.

We are happy to be able to say that the number of instances of tardiness are much less than last year—50 per cent less—which is very gratifying to us; still we hope to find the number less the coming year.

We feel that, as a whole, excellent work has been done in our schools the past year. Unfortunately, the fall term in No. 3 was broken up, and the delay in procuring teachers shortened the terms. Let us hope that, in the coming year, teacher and parent may labor together for the good of the pupil.

The roll of honor gives the names of all those who appear on the registers as being entitled to a place there. You will find the work of the year by reference to the statistical table.

---
